

The National Cell Phone Collection Program

PITCH-IN CANADA National Cell Phone Collection Program Newsletter
www.pitch-in.ca March, 2010

Spring time is a natural time for us to clean out all our winter items and old rubbish that needs to clear the house. There is no official “Spring Cleaning Week” but we tend to naturally pick the spring to toss out all our old items.

Really boost your collection by taking advantage of the natural urge to clean things out. Put up posters around your neighbourhood letting the community know where to drop the old cell phones they find buried in their piles of old household items.

Local recycling centers are a good place to put a collection box as well. Try asking them if you can place a box there for a month or two.

Just a reminder that PITCH-IN WEEK Registration will be closing March 15, 2009. Please remember to go to www.pitch-in.ca to register your project. Please register before the deadline to ensure you receive your free garbage and recycling bags.
